EDUCATION

Rosemead High School | Rosemead, CA | *Valedictorian*

Graduated 2025

University of California, Irvine | *B.S. in Computer Science* | GPA: 3.74

Expected Graduation: 2029

PROJECTS

Spatial AI | *IrvineHacks Hackathon*

March 2026

- Collaborated with a team of 4 Architect a 3D interior design web app using **Vite** and **Three.js**, enabling users to generate and navigate functional room models in real-time.
- **Integrated Gemini AI** to interpret natural language commands into structured JSON, automating furniture placement based on spatial logic and traffic flow.
- **Developed a dynamic 3D rendering engine** that maps AI-generated coordinates to **FBX models**, allowing for seamless object scaling, rotation, and manual adjustments.

ZotGuesser (WON BEST GAME) | *WebJam Hackathon*

November 2025

- Collaborated with a team of 4 to develop a geolocation guessing game with parameters surrounding UCI's campus using **Google Maps API** and **Leaflet.js**
- Delivered a complete, production-ready web application within the 7-day competition window; Won Best Game

PetrCal | *ZotHacks Hackathon*

November 2025

- Collaborated in a team of 5 to build a **React**-based calendar app that synchronizes UCI sticker drops with **Google Calendar**
- Implemented "Add to Calendar" option that automatically inputs event data into Google Calendar event
- Focused on creating the landing page with interactive buttons using **HTML**, **CSS**, and **Figma**

WORK EXPERIENCE

Mathnasium Tutor | Pasadena, CA

March 2025 - June 2025
